

## **Accommodation - Tennant Creek**

This fully furnished 3 bed-roomed unit is in a large complex of short and long term rental units. The unit has a fulltime resident who is responsible for the unit and attached garden. The caretaker sets “the rule of the house” and will inform you of those on your arrival.

Students placed in Tennant attached to the Hospital, Anyinginyi Congress or the RFDS clinic will stay at this unit.

You will be given information about the address and how to get to the unit during orientation in Alice Springs.

Margaret Vigants  
Medical Student Placement Coordinator
